Thank you for taking the time to look at this document. I've put together the guide to help you vote in the EduBlog Awards, as many people's votes do not seem to have been counted.

Firstly, sign in to your Twitter, Facebook, Google+ or LinkedIn account.

Go to j.mp/2013magic to visit the voting site for Best Educational Wiki.

Click [Join Listly](#) and you will be asked to choose a social network to use to log in with. Then follow the on-screen instructions.

Lastly, look for **ICTmagic** on the list and click the **Vote Up** arrow or 'thumbs up'. Check to ensure the arrow turns blue and the vote number increases.
